

Update: March 17th, 2020

Dear Valued Customers,

Due to the current situation with Coronavirus (Covid19) as well as increase in demand, **we will be unable to honor any advertisement flyer promotional discounts at this time.** Our team members are working hard to deliver on our commitment to providing healthy affordable foods, but we cannot offer rainchecks or any substitutions.

With the effort to serve you the best way possible and ensure we have enough product for all of our customers, we will have a limit on certain items throughout the store. Please ask a Team Member for further assistance.

We appreciate your patience, understanding and support as we strive to support our community however possible. Harvest Fresh Market is diligently working on restocking shelves, sanitize our stores, and help out in any way we can.
